ABOUT ME

As a highly motivated and adaptable IT student, with a keen interest in front-end development and UI/UX design, I am committed to continuous learning and adding value to the organization while honing my skills. My goal is to absorb knowledge, contribute innovative ideas, and grow both professionally and personally in a vibrant and challenging work environment.

WORK EXPERIENCE

Jan 2022- 2023
Phinma AU | School Work

System Analyst | UI and UX Design

- Developed by a group of IT students during our school project,
- The **Online Document Request System** aims to simplify and make the document request process easily, reducing manual workload and enhancing overall organizational efficiency.
- Utilized Rapid Application Development (RAD) methodology to deliver the project within a short timeframe of 1.5 months.
- Served as the primary system analyst, responsible for ensuring that the system met all client requirements and objectives.
